

Double Degrees

The list of the Double Degree is under updating and some changes can occur.

The University of Camerino is distinguished in the national panorama for the number and quality of agreements with foreign Institutes and Universities.

Thanks to agreements the University of Camerino has signed with foreign Institutes and Universities, students can participate to Master Double Degree programmes

The Programmes, developed and organised jointly by the parties, leads to two recognised Master's degree certificates, one from the student's home institution and one from the host institution. Within this programme the students must follow teaching activities for one year in the partner Institution.

The double degrees activated by UNICAM are:
